

Dear Competitors,

Our apologies for sending another update so soon after the last competitor bulletin but I was reminded about an important rule change that can in to affect last year that may affect some competitors.

As per the ANDRA Helmet Selection Guide from August 2011, previous Snell 2000 standard helmets will no longer be allowed in ANDRA competition.

Download the ANDRA "Approved Helmets" from the Off Street section of our website at www.hiddenvalleydrags.com

This guide is designed to give an understanding of what the variations and designations are between various helmet standards, certifications and labelling.

Also a note worth mentioning, from August 2013 only SA(Special Application) or SFI 31.1 helmets will be acceptable in non-motorcycle categories.

Please refer to the ANDRA Rule Book for further details on your specific bracket.
