

HIDDEN VALLEY DRAG STRIP

Approved and Non-Approved Helmet Standards

The following document is designed to provide auditors and competitors with an understanding of various helmet labelling systems and how they match current ANDRA rules. For a full description of ANDRA helmet rules please refer to the ANDRA Rule Book.

APPROVED

NOT APPROVED

(Off Street Events Only)

(Until 1/08/2011. Refer ANDRA Rule Book Page 158, ACR 4.10.8)
 (Until 1/08/2011. Refer ANDRA Rule Book Page 158, ACR 4.10.8)

ANDRA Rule Book Update Page 158, ACR 4.10.8: Insert new section after HELMETS – GENERAL REGULATIONS, as follows;

HELMETS – OFF STREET DRAG RACING

Notwithstanding the previous standards applicable to competition events, drivers of registered sedans or their derivatives with elapsed times of 10.00 (1/4 mile) / 6.50 (1/8 mile) or slower, or riders of registered motorcycles with elapsed times of 10.99 seconds (1/4 mile) / 7.00 (1/8 mile) or slower, participating in off street drag racing may use an open face helmet meeting the following requirements;

1. Must comply with AS 1698 as a minimum.
2. Must display date of manufacture no older than 10 years (lack of a date of manufacture will render the helmet unacceptable).
3. Internal foam must be compressible, not crumbling, properly adhered to the inside of the helmet shell.
4. External shell shall have no visible damage or defects.
5. Strap must be serviceable and un-frayed."

Again, this is only for Beat the Heat Off Street events and for registered vehicles. Non registered vehicles, and ALL entrants at competition events must still conform to the associated class rules.
